

## Eastern Ontario Swap Meet - Tweed

Article: Dana Torch

Photo's: Ken Kirk

Dana Torch, Adam Gibb & Brian Suter with Dana's outstanding collection.

Adam Gibb & Murray Parnell looking over Brian Suters table of goodies.

The second year of the Eastern Ontario Swap Meet started with a bang with members showing up as early as 7am. Lots of parking and space to set up tables made this event fantastic. The parking lot was full of vendors and an estimated 35 members attended. For example, Dave Teasdale brought a selection of new and used parts from his inventory, Brian Suter wowed the crowd with his restored Lakefield and Ken Kirk brought a fine selection of 20's and 30's motors to sell. Our host Dana Torch made sure to meet and greet everyone and gave guided tours of his own 50+ outboard motor collection. Coffee and muffins were served in the morning and the lunch bell rang around noon for burgers and sausages.

Everyone had a great time and those that attended are already looking forward to next year.
