

Eastern Ontario Swap Meet, Sept. 9

Report: Ken Kirk

Photos: Dana Torch & Ken Kirk

A great day on the shores of Stoco Lake near the town of Tweed at the home of the Torch family. About 45 MLAOC members converged once again on this spacious and welcoming property, the ideal location for a swap meet and general get together.

There was an abundance of motors, parts, and accessories as well as promotional materials, advertising and sales & service literature for sale. Pretty much anything you might be looking for was there. If not, you could probably find the person who knew where you could find it.

An added bonus of this event is the opportunity to visit Dana's Museum which is located on the lower level of the Torch home. It's an amazing collection of outboards, related advertising and fishing tackle. A wide variety of quality outboards nicely displayed and not to be missed.

Another big attraction at Dana's is the lunch organized by Dana's mom, Dale. This year it was pulled pork sandwiches with a wide variety of condiments, salads and of course cookies for dessert. The pulled pork was a big hit.

Thank you, Dana, Dale & Rick Torch for your hospitality & for once again hosting the MLAOC mob. *Cont'd pg. 15*

Mike Kreckels' table filled with vintage Johnson & Evinrude calendars.

Ron Tackaberry displayed a pair of Johnson OA- 65's. The one on the left believed to be a special "Presentation" Motor.

After lunch those of us who didn't go for a nap posed for a group photo.
