

MLAOC at Mountain Trout House

Report & Photos: Ron Stevenson

A terrific Boat Show happened August 12 at Mountain Trout House on Kawagama Lake. The MLAOC guys really put on a super show of outboards and boats. The attendance of the public was amazing and there was a great interest of the old motors. There were a few motors donated to our members from some cottagers as well.

“Kid & Classics” non-profit organization headed up by Malcolm Black were there building new sea-fleas from scratch.

Many thanks to Bruce MacPherson, our host, and his Mountain Trout House staff for our prominent location and providing MLAOC members with a complimentary lunch.

The MLAOC volunteers were Dave Kennedy, Garry Thoms, Radu & Joy Campeau, Peter & Geoff Gamblin. Radu brought a Merc Mark 20H & Neptune Mighty Mite. Dave brought a battalion of Mercs & Vikings. I displayed a Clinton air-cooled screamer. We had 20 vintage outboard on display.

Over twenty Vintage Outboards on display.

Martin and Shannon Spurgeon brought a fully restored home-built wood boat powered by a 1957, Elto 25, Electric Start. The boat was absolutely stunning.

Roger and Heather Heidt from Belleville brought a '57 Golden FeatherCraft and matching Johnson Golden Javelin. A real head turner.

Thanks, guys, for participating & making this a truly great day!!
