**Wayne Robinson with two Treasures. A fiberglass identical to the one he had as a boy. And a vintage Kiekhaefer Mercury tin sign found at Dana's.**

Dana Torch and family hosted the Third Annual Eastern Ontario Swap Meet on their property on Stoco Lake near the village in Tweed. It was the Elvis Festival weekend in Tweed but unfortunately Elvis did not make an appearance at Dana's. However a good many MLAOC members did make their way to Dana's place and almost everyone brought good quality "stuff" to sell or trade. I don't think I have seen this many truly desirable pieces for sale in one place for quite some time. There was a Konig racing motor, a good Mark 20 Mercury, a whole truckload of 50's & 60's Johnson, Evinrudes, Vikings, Elto's and Gale's....all with their shrouds in good to excellent shape. A relatively rare Martin 20 & two rare Kiekhaefer Mercury tin signs. All of this quality merchandise went home with delighted new owners. Over the course of the morning and early afternoon we had about 35 members attend. We also signed up three new members who were having a great time at their first MLAOC Event. Dana Torch works very hard to make this Event a BIG success. His Mom & Dad are also part of the Team, preparing a lunch of hot dogs, sausage on a bun, hamburgers, side salad, desserts & beverages. What a spread! Thanks Dana & thanks Mom & Dad, much appreciated & enjoyed by all the MLAOC Members in attendance.

**Brian Hendrick discussing a Mark 20 with Wayne & Brian Reid.**

**Dave Ferguson, on the right, looks over Dean Manderson's trailer load of motors under the watchful eye of Dean's friend Ron.**

**Last men standing at the Eastern Ontario Swap Meet. This was a late afternoon shot of the guys that didn't want to go home.**
