

National Vintage Boating Day
August 8, 2020
10:30 a.m. to noon (local time)

If your organization has had to cancel events this summer, but you're still looking for a way to keep your club members engaged, why not join us for **National Vintage Boating Day** – Saturday, August 8, 10:30 a.m. to noon (local time)?

The goal is to have as many vintage boats on the water at the same time in a variety of locations. No registration is required, and there will be no stops along the way.

Routes have already been developed for Lake Muskoka and Lake Rosseau as well as Pigeon Lake in the Kawaratha Lakes. Plans are underway for the Lake of Bays. More route information will be published as it becomes available.

Here's what you need to do to be part of this amazing event:

- Reach out to your club members to see who is willing to plan a route.
- Begin at a common starting point or arrange to meet in one location at the end of the trip.
- Choose locations that are easily accessible to a number of people with a minimum of trailering.
- Share that information on your club's social media and with local media and Chambers of Commerce.
- Share route information with us if you'd like us to promote it as well.
- Get out on the water and have fun while still maintaining social distancing.

Attached are guidelines from the Government of Canada and the Trent Severn Antique and Classic Boat Association for social distancing while boating.

We hope your group will join us on August 8, and we'd appreciate it if you'd share your plans.

Please note that while we are helping to spread the word, this is not an ACBS-Toronto sanctioned event.

Please contact [Kathy Rhodes](#) for further information or to share your route(s).
