

Spring Fishing Show 2019

Article: August Sapinet

The MLAOC Fishing Show Team

Dana Torch with his Hand Cranked trolling device.

The MLAOC was again asked to organize a display of Antique & Classic Outboards at the 2019 Spring Fishing Show at the Mississauga International Centre on the Family Day weekend. We had more Club volunteers to participate at the display this year than past years, which was great to see. The one motor that attracted more attention than any of the others was Dana Torch's environmentally friendly, totally Green, Hand Cranked (Armstrong?) outboard. Which he won at the 2018 MLAOC A.G.M silent auction. Perhaps a Hand Cranked outboard display should be featured next year as Nick Monastero is already planning for that event.

Thank you Nick for organizing the Fishing Show Display. And thank you to our Members, August Sapinet, Dana Torch, Cameron McIntosh, Mike Kreckle, Ken Smith, Rick Burns, Jim Greig & Harry Sutton for bringing out motors and staffing our exhibit.
