The "Ice Breaker" Meet at the Whitby Baptist Church lived up to its reputation for great food and an active swap meet. Plenty of vendors and lots of good stuff for sale. The parking lot was pretty much full.

The early birds were there at 7:30 am. A clear sign that many of us were suffering from "cabin fever". People coming and going until early afternoon. Estimated attendance of 70 plus. Three new members joined the MLAOC during the day.

The Ladies of the Whitby Baptist Church organized early morning coffee and sweets and then did their usual outstanding lunch which everyone looks forward to and enjoys so much.

The Ladies Ministry also had a fund raising raffle for a 1964 Evinrude 4 hp along with an Evinrude motor stand. The motor had been restored and donated to the Ladies Ministry by Ron Stevenson. The lucky winner of the motor and stand was. Gord Smith.
