

# MLAOC at “Settlers Day”, June 10

Report & Photos: Glenn Weigel

We had spectacular weather for the day at Settlers Village in Bobcaygeon. Many visitors came through our display nestled between the Blacksmith Shop and the Woodworking Museum. We had over 25 motors on display to capture the attention of many.

As well as my own modest contribution, I'd like to give thanks to Gene Munson, Ernie Stokes and Mike Ounjian for bringing in their "Old Iron" for display. I must say that our display was a great success, and it was nice to catch up with old friends after our long hiatus.

Gene Munson and Ernie Stokes recruiting a potential new Member for the MLAOC.

Roy Camron, on the left, one of our original founding members, came by for a surprise visit.

Anne Cameron listening in on one of the many stories shared by husband Roy.

Sean Goodman, on left, in serious conversation with Mike Ounjian.
